Independent Auditor's Report

To The Shareholders

Kalika Power Company Ltd.
Chitwan

Opinion

We have audited the accompanying financial statements of Kalika Power Company Ltd., which comprises the Statement of Financial Position as at Ashad 31, 2077, the Statements of Profit or Loss and Other Comprehensive Income, the Statements of Cash Flows, and the Statement of Changes in Equity for the year then ended, along with Notes forming part of the Financial Statements, and a summary of significant accounting policies

In our opinion, the accompanying financial statements present fairly, in all material respect gives a true and fair view of the financial position of the company as at 31 Ashad 2077 (15 July 2020) and their financial performance and cash flows for the year then ended in accordance with the Nepal Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSA). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Nepal, and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Audit Key Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the FY 2076/77. We don't have noticed any such type of matters.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Nepal Financial Reporting Standard. This responsibility includes designing, implementing and maintaining internal control which are relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgments and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or activities to express an opinion on the financial statements. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

On the basis of our examination, we would like to further report that:

- We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose for audit;
- Books of accounts have been maintained properly as required by prevailing laws of Nepal reflecting the real affairs of the Company;
- Financial statements dealt with by this report are in agreement with the books of account of the Company.
- In our opinion and to the best of our information and according to the explanation given to us, We have not come across the cases where any Board of Directors/representative/employee of the Company has acted in contrary to law or misappropriated any property of the Company or caused any loss/damage to the Company or committed accounting fraud.

Revision to accounting estimates are recognized in the period in which the estimates are revised, if the revisions affect only that period; they are recognized in the period of revision and the future periods if the revisions affect both current and future periods.

Specific accounting estimates have been included in the relevant section of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

G. Elements of Financial Statement

1 Property, Plant and Equipment

The cost of an item of property, plant and equipments has been recognized as an assets only if: it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. Property, Plant and Equipment (PPE) are those tangible assets used for generation and supply of energy, for administrative purpose.

PPEs are stated in the SFP at their cost less accumulated depreciation and accumulated impairment losses, if applicable.

Cost

The initial cost of PPEs includes purchase price and directly attributable cost of bringing the asset to the location and conditions necessary for it to be capable of operating in the manner intended by management. Subsequent costs that do not qualify the recognition criteria under NAS 16 are expensed as and when incurred.

NAS 16 and IFRIC 1 require cost of PPE to include the estimated cost for dismantling and removal of the assets, and restoring the site on which they are located. Management perceives that such costs are difficult to estimate and considering the past practice the amount of such costs will not be material to affect the economic decision of the user as a result of such non-inclusion. Therefore asset retirement obligation has not be recognized.

Depreciation

The management has estimated that depreciable amount of the assets is equivalent to the initial cost and thus the cost is systematically allocated based on the expected useful life of an asset. Items of property, plant and equipment are depreciated in full in the year of acquisition. If an item of PPE consists of several significant components with different estimated useful lives and if the cost of each component can be measured reliably, those components are depreciated separately over their individual useful lives. The residual values, useful lives and the depreciation methods of assets are reviewed at least annually, and if expectations differ from previous estimates, changes are made in the estimates and are accounted for as a change in accounting estimates in accordance with NAS 8.

Management has considered that the land used for the Hydropower Plant will have a definite useful life of 30 years (under Built Own Operate and Transfer (BOOT) arrangement, discussed separately and accordingly the cost of the land has been allocated under the development cost and depreciation has been charged accordingly.

All the assets used for project including and has been classified under project development Cost and it has been amortized over the period of 33 year on straight line method of depreciation. Office Furniture and equipment has been depreciated at 25%, vehicle on 20% and other assets on 15% on written down value method.

Impairment of PPE

An assets is impaired when its carrying amount exceed its recoverable amount. At each reporting date the Company assesses whether there is any indication that an asset may have been impaired. If such indication exists, the recoverable amount is determined. The recoverable amount of a CGU

is determined at the higher of fair value less cost to sell on disposal and value-in-use. Generally recoverable amount is determined by means of discounted cash flows unless it can be determined on the basis of a market price. Cash flow calculations are supported by past trend and external sources of information and discount rate is used to reflect the risk specific to the asset or CGU.

During the reporting period no indication has been found that the carrying amount of a Cash Generating Unit (CGU) exceeds the recoverable amount. So impairment loss has not been recognized.

2 Prepayments

These are expenses paid for the period beyond the financial period covered by the Financial Statements. These will be charged as expenses in the respective period for which such expenses pertain to.

3 Financial Assets

Financial assets of the Company comprise of advances, deposits and other receivables, trade receivables and cash and bank balances. It is assumed that the carrying amount represents the amortized cost of the assets.

Trade Receivables, Advances and Other Receivables
